OPEN SOURCE CONTRIBUTION

Collection of Termux tools

GitHub

- Curated and maintained an open-source directory of 400+ penetration testing and OSINT tools, achieving 320+ stars and 30+ forks from the developer community
- Categorized industry standard security frameworks across 10+ domains including Web App Testing and Network Enumeration to streamline mobile security research

EXPERIENCE

GirlScript Summer of Code

Aug 2026 – Present

Open Source Contributor

- Contributed to open-source repositories by developing key features, resolving critical bugs, and improving codebase maintainability
- Engineered modular and high-performance code, adhering to clean architecture standards and collaborating with maintainers through peer code reviews

PROJECTS

Mini-Redis

- Engineered an asynchronous, high performance Redis Command Line Interface from scratch using Rust and the Tokio runtime.
- Streamlined developer interactions with Redis by engineering a robust CLI tool tailored for fast, reliable data querying and manipulation

EDUCATION

Ramdeobaba University

Aug 2025 – Aug 2029

Bachelor of Technology in Computer Science and Engineering

Nagpur, India

- **Coursework**: Data Structures, Algorithms, Object-Oriented Programming, Linear Algebra, Operating Systems

SKILLS

Languages : C/C++, JavaScript, HTML/CSS, Rust, Java

Tools : Figma, Notion, Jira, Trello, Miro, Google Analytics, GitHub, DaVinci Resolve, OBS

OS : Windows 10, Arch + Niri DMS
